Teacher's Guide

- **Differentiation Tips**

- Provide a small **ending blend chart** for students who need extra support.
- Say each incomplete word aloud so emerging readers can hear the missing sound.
- Allow advanced students to write their own extra words using each ending blend.

- **Engagement Ideas**

- Turn it into a quick **Blend Hunt** where students find objects in the room that end with st, mp, nt, nd, or lt.
- Let students read their completed words to a partner and act out one of the words.

- **Extension Activities**

- Have students sort the completed words into **blend families**.
- Ask students to write a short sentence using two of the words they created.
