

Name _____

Checking For Digraphs Answer Key

1. duck
2. wing
3. fish
4. lunch
5. bench
6. mash
7. sing
8. porch
9. dish
10. catch

Teacher's Guide

- Use this worksheet to help students distinguish **real digraph words** from **nonsense combinations**, reinforcing correct sound patterns.
- Support early learners by modeling how to say each word aloud and listen for whether it sounds like a real English word.
- For differentiation, provide picture cues for some real words. Challenge advanced students by having them create their own nonsense words using ck, sh, ch, and ng.
- For engagement, let students play a quick real-or-not game in pairs where one student invents a word and the other decides if it could be real.
