5. catch
6. dish
7. sing
8. fish
9. latch
10. rash

Teacher's Guide

- This worksheet helps students apply **ending digraph knowledge** in meaningful sentence contexts, strengthening both decoding and comprehension.
- Support early learners by reading the sentences aloud and having them say each choice to compare which sounds correct.
- For differentiation, provide a word bank or pictures to match with sentences. Challenge advanced students by asking them to write two of their own sentences using digraph words from the list.
- For engagement, turn the activity into a class game where students vote on the correct word before writing it, encouraging discussion about ending sounds.
