Teacher's Guide

- Use this worksheet to reinforce recognition of **ending digraphs** in simple words typically taught in kindergarten and grade 1.
- Encourage students to say each word aloud, stretching the ending sound to help them hear the digraph.
- For differentiation, provide a small digraph word bank for students who need extra support. For students who need a challenge, have them write a full sentence using each digraph word.
- For engagement, let students draw their own pictures that end with ck, ng, tch, or sh and swap with a partner to identify the digraphs.
