## Ending Digraph Story Fill Answer Key

1. lunch
2. branch
3. duck
4. splash
5. catch
6. wing

### Teacher's Guide

- This worksheet supports comprehension and spelling by having students use **ending digraph words** in a meaningful story.
- Help students by reading the story aloud first, then discussing which words make sense in each blank.
- For differentiation, place picture cues beside each word in the bank. Challenge advanced learners by asking them to write an extra sentence using two more digraph words.
- For engagement, allow students to illustrate the story after completing the blanks, labeling their drawing with the digraph words they used.
