

Name _____

Digraph Definition Match Answer Key

1. bench
2. splash
3. lunch
4. branch
5. wing
6. catch
7. pinch
8. dish

Teacher's Guide

- This worksheet helps students connect **ending digraph spellings** with real word meanings, boosting both decoding and vocabulary.
- Support students by reading definitions aloud and letting them point to or say the digraph ending they hear in the matching word.
- For differentiation, place picture cues next to the word list. Challenge advanced students by having them write an additional definition for one of the words.
- For engagement, turn the matching activity into a memory game by putting definitions and words on separate cards for partners to pair.
