

Name _____

Choose The Ending Digraph Answer Key

1. ck
2. sh
3. ng
4. tch
5. ck
6. ng
7. ch
8. tch
9. sh
10. ck

Teacher's Guide

- This activity helps students notice the **ending sounds** in simple words and connect them to the correct **ending digraphs** (ck, ng, sh, tch, ch).
- Support early learners by having them say each word aloud and stretch the ending to hear the digraph clearly.
- For differentiation, provide picture cues for students who need them. For students who are ready, ask them to write a full sentence with two of the completed words.
- For engagement, turn this into a partner game where one student reads the incomplete word and the other student acts out or sketches a quick clue before choosing the correct digraph.
