

Name _____

Estimate Picker Answer Key

1. C. 50
2. B. 40
3. C. 90
4. A. 200
5. A. 200
6. B. 200
7. B. 200
8. C. 200
9. C. 200
10. B. 200

Teacher's Guide

- Quick implementation: Review rounding and compatible numbers, then have students estimate mentally before selecting an answer.
- Differentiation: Encourage students who need support to round the dividend or use a nearby multiple of the divisor.
- Engagement: Have students earn one point for the correct choice and one bonus point for explaining a reasonable estimation method.
- Extension: Ask students to create a fourth answer choice for several problems that is close enough to make the decision more challenging.
