Continental Adventure

Directions: Read the passage carefully. Then answer the questions that follow using complete sentences.

Exploring Europe

Europe is a continent filled with many cultures, languages, and landscapes. It has snowy mountains, green valleys, ancient castles, and busy modern cities. Countries like France, Italy, Germany, and Spain are well known for their traditions, food, and history. Many famous landmarks are found in Europe, such as the Eiffel Tower in France and the Colosseum in Italy.

People in Europe speak dozens of different languages, but many students around the world study European languages like French or Spanish. Europe is also known for its strong connection to the arts. Many famous musicians, painters, and inventors lived there. With its rich history and lively modern life, Europe continues to influence the world in many exciting ways.

1. What kinds of landscapes can be found in Europe?
2. Name two countries in Europe that the passage mentions.
3. What are two famous landmarks located in Europe?
4. Why do many students around the world study European languages?
5. What is one way Europe has influenced the world?
6. In your own words, describe what makes Europe an interesting continent.
