

Name _____

Expanded to Standard Answer Key

1. 3.48
2. 25.7
3. 7.035
4. 42.91
5. 9.204
6. 68.05
7. 1.621
8. 34.809
9. 57.13
10. 6.047
11. 83.5
12. 12.365

Teacher's Guide

- Review place value before students begin, emphasizing ones, tenths, hundredths, and thousandths.
- Encourage students to combine whole numbers first, then add each decimal place from left to right.
- Provide a place value chart for students who need extra support organizing the digits.
- Challenge advanced students to write the expanded form in multiple correct ways, such as using fractions or decimal addends.
- Have partners read each expanded form aloud before writing the standard form to reinforce place value vocabulary.
- As an extension, ask students to create four expanded forms for a classmate to convert into standard form.
