

Name _____

Exponent Clues

Directions: For each expression, write the base, write the exponent, and tell what the exponent means about the multiplication.

1) 5^3

Base: _____ Exponent: _____

The exponent tells me:

2) 8^2

Base: _____ Exponent: _____

The exponent tells me:

3) 4^5

Base: _____ Exponent: _____

The exponent tells me:

4) 10^4

Base: _____ Exponent: _____

The exponent tells me:

5) 7^3

Base: _____ Exponent: _____

The exponent tells me:

6) 9^2

Base: _____ Exponent: _____

The exponent tells me:

7) 2^6

Base: _____ Exponent: _____

The exponent tells me:

8) 12^2

Base: _____ Exponent: _____

The exponent tells me:

9) 3^4

Base: _____ Exponent: _____

The exponent tells me:

10) 6^5

Base: _____ Exponent: _____

The exponent tells me:
