### The Neighborhood Debate

The town meeting grew lively as residents argued about the new park project. Some neighbors felt the idea was (1) \_\_\_\_\_, meaning it was wise and sensible. Others thought it was (2) \_\_\_\_\_, the opposite of smart, because the cost seemed too high.

One man stood up and said the design was (3) \_\_\_\_\_, another way of saying beautiful and impressive. A woman quickly disagreed, calling it (4) \_\_\_\_\_, a word that means the opposite of attractive. Despite the differences of opinion, the mayor reminded everyone that respectful debate could still be (5) \_\_\_\_\_, or helpful, for making a fair decision.
