

Name _____

Boat Rhymes Answer Key

Words that rhyme with **boat**: **goat, coat, gloat, toad, rode, close, wrote, note**

Teacher's Guide

- **How to use:** Read the story once aloud, then reread together slowly. Have students say **boat** and listen for the matching **ending sound** in the story words.
- **Differentiate:** For support, provide a small word bank on the board (goat, coat, note) and let students hunt for those first. For challenge, ask students to underline the rhyming words and then write two more words that rhyme with **boat**.
- **Engagement:** Let students whisper-read the story to a partner and take turns being the "rhyme checker." Use a quick chant after: "Boat, boat, what rhymes with boat?"
- **Extension:** Have students pick one circled word and write a new sentence that includes **boat** and that rhyming word; encourage clear spacing and capital letters.
