### Teacher's Guide

- **How to use:** Read each sentence aloud first, then have students echo-read. Remind students to listen for the **ending sound** in the bold word and match it to a word in the sentence.
- **Differentiate:** For support, read the sentence and pause before the rhyming word so students can predict it. For challenge, ask students to say one more word that rhymes with the bold word after circling.
- **Engagement:** Have students tap the table when they hear the rhyme. Partners can check each other by reading the rhyme pair aloud together.
- **Extension:** Ask students to choose one sentence and draw a quick picture of the two rhyming words. Then have them label the pictures using clear letter sounds.
