1. hat
2. rug
3. boat
4. lock
5. rock
6. dish
7. cake
8. stair
9. spoon
10. ten

Teacher's Guide

- **How to use:** Have students read the sentence once for meaning, then reread and listen for the **same ending sound** as the word in parentheses. Remind them to circle a word that is already in the sentence.
- **Differentiate:** For support, read the sentence aloud and have students repeat only the two rhyme words before circling. For challenge, ask students to write a new rhyming word under each sentence that is not already used.
- **Engagement:** Let students "rhyme clap" by clapping once for the word in parentheses and once for the rhyming word they find. Pair students to check answers by reading the rhyme pair aloud with clear voices.
- **Extension:** Have students pick two sentences and rewrite each one by swapping in a different rhyming word while keeping the sentence sensible; encourage correct spacing, capitals, and periods.
