

Because Even Robots Can't Handle Word Salad

Sample Answer Key

Case 1

Overloaded Prompt:

"Write me a story about a dragon that teaches math to kids, but also explain the history of dragons in mythology, and then create a quiz about multiplication, and make sure the story has at least five characters and also tell me how dragons are shown in movies."

Improved Step-by-Step Prompts:

1. Write a short story about a dragon that teaches math to kids.
2. Make sure the story includes at least five characters.
3. Explain the history of dragons in mythology.
4. Create a short multiplication quiz with 5 questions.
5. Describe how dragons are shown in movies.

Case 2

Overloaded Prompt:

"Write a poem about outer space that rhymes and also give me a list of ten space facts and then explain how astronauts train for space missions and also describe what it feels like to float in zero gravity in a paragraph."

Improved Step-by-Step Prompts:

1. Write a rhyming poem about outer space.
2. Make a list of ten interesting facts about space.
3. Explain how astronauts train for space missions.
4. Describe in one paragraph what it feels like to float in zero gravity.
