

Digital Respect Answer Key

1. B - To plan the science fair project
2. C - He sent off-topic messages that distracted others
3. D - She asked politely to stay on topic
4. C - The group stopped communicating effectively
5. A - That following group rules helps everyone succeed

Teacher's Guide:

- **Differentiation Tips:**
 - Read the scenario aloud for students needing auditory support.
 - Highlight key words like "politely," "ignored," and "apologize" to build social-emotional vocabulary.
- **Engagement Ideas:**
 - Have students discuss examples of digital group norms (e.g., staying on topic, using kind words).
 - Role-play two short versions of a group chat: one following norms and one breaking them.
- **Extension Activities:**
 - Students create a "Digital Communication Code" poster listing online rules for respectful teamwork.
 - Encourage journaling: "How can following group rules online make teamwork easier?"
