

## Time Tale Sprint Answer Key

1. during, for
2. During, for
3. During, for
4. for, During
5. During, for

### Teacher's Guide:

- **Skill Focus:** Strengthens understanding of **for** as a marker of *duration* and **during** as a marker of *time period or event*, through narrative context.
- **Differentiation Tips:**
  - Offer sentence clues: ask "How long?" for *for* and "When?" for *during*.
  - Provide oral practice where students listen to sentences and raise cards for the correct word.
- **Engagement Ideas:**
  - Turn this into a "Story Completion Race" by dividing students into small teams; first to complete all blanks correctly wins.
  - Read stories aloud dramatically and have students shout the correct preposition when they hear a blank.
- **Extension Ideas:**
  - Have students write their own three-sentence stories using both *for* and *during*.
  - Encourage peer editing where students check and explain each other's preposition choices.
