### Teacher's Guide

#### Purpose

- Build understanding of France's role in the EU for grades 6 to 8.
- Strengthen cloze reading and context clue skills.
- Introduce key terms linked to European cooperation and decision making.

#### Differentiation Tips

- Offer sentence starters or guiding questions such as "Which word describes money" or "Which word describes countries working together".
- Allow students to complete the activity in pairs before writing final answers.

#### Engagement Ideas

- Do a quick warm-up asking students to match EU terms with simple definitions.
- Ask students to consider why countries might want to join an organization like the EU.

#### Extension Ideas

- Have students list two ways France benefits from EU membership and two ways it contributes to the EU.
- Invite students to research another EU country and compare its role to France's.
