Teacher's Guide

Purpose: Strengthen understanding of how French foods connect to different regions of France and build geography and cultural awareness for grades 3-5.

During the Activity

- Read the food names aloud and clarify pronunciation if needed.
- Encourage students to use clues. For example, Normandy is known for dairy and Alsace has German influenced dishes.

Differentiation Tips

- Allow struggling students to work with a partner.
- Challenge advanced students to write one sentence explaining why the food belongs to its region.

Engagement Ideas

- Show photographs of each food to spark interest.
- Let students vote on which dish they would like to try if they visited France.

Extension Ideas

- Invite students to research one additional French food and identify its region of origin.
- Encourage students to draw a map of France and label where each dish is from.
