Name _____

Frequency Fill Answer Key

1. Cats frequency: 4.
2. Adventure tally marks: ||||/ |||.
3. Total: 16.
4. Bananas tally marks: ||||/ |.
5. Total: 17.
6. Music frequency: 8.

Teacher's Guide

- Remind students that tally marks and frequencies show the same quantity in different forms.
- Have students identify the single missing entry in each table before solving.
- Encourage students to check totals by adding all category frequencies.
- For support, let students convert every tally set into a number before finding the missing entry.
- For a challenge, cover one additional entry in each table and have students determine both missing values.
- Increase engagement by letting students choose one table and explain how they found its missing value.
- Extend the activity by having students create a three-category frequency table with one missing entry for a partner to solve.
