

Name _____

Online Friendship Check Answer Key

1. Friendly
2. Unfriendly
3. Friendly
4. Unfriendly
5. Friendly
6. Friendly
7. Unfriendly
8. Unfriendly
9. Friendly
10. Unfriendly

Teacher's Guide:

- Begin by discussing what *tone* means in online communication and how text can be misunderstood without voice or facial cues.
- For students who need support, provide visual icons (like thumbs up/thumbs down) or highlight positive vs. negative phrases.
- Encourage learners to rewrite unfriendly posts into friendly ones to practice digital empathy.
- Extension: Have students create their own "friendly post" examples to display on a classroom "Online Kindness Wall."
