

Name \_\_\_\_\_

## Frog and Toad in Sequence

**Directions:** Below are events from *Frog and Toad Are Friends*. They are scrambled out of order. Imagine each event as part of a story strip. Your task is to number them **1-6** in the order they happen in the story. Write the correct number beside each event.

\_\_\_ Frog tears a page from the calendar each day to help time pass more quickly.

\_\_\_ Toad wakes up cheerful and ready to enjoy spring with Frog.

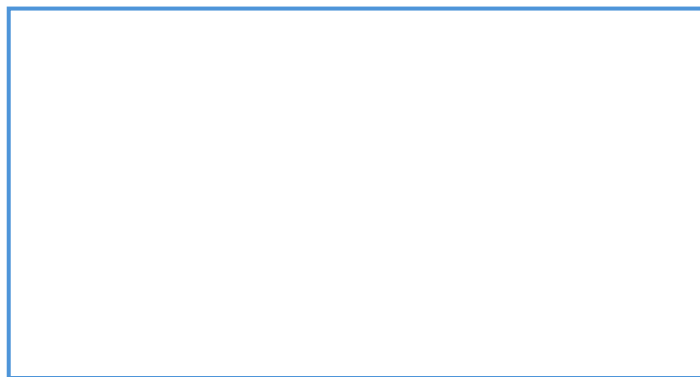

\_\_\_ Toad pulls the blanket over his head, not wanting to leave his warm bed.

\_\_\_ Frog pulls Toad out of bed and takes him outside to enjoy the day.

\_\_\_ Frog tells Toad that spring has arrived and encourages him to come outside.

\_\_\_ Toad decides to go back to sleep and asks Frog to wake him again in a month.

**Creative Task:** Imagine you are designing a comic strip version of this story. After you put the events in order, sketch (and describe in words) a scene below.
