

Frog and Toad Traits Answer Key

1. **Patient** → B. Frog sits by Toad's side and turns the calendar pages day after day until spring finally arrives.
2. **Responsible** → C. Frog happily greets the spring weather and encourages Toad to enjoy the outdoors.
3. **Cheerful** → C (alternate for Frog's optimism; note: acceptable overlap if teachers want).
(Best assignment: 2 → B and 3 → C; but teachers can accept flexibility where traits overlap.)
4. **Grumpy** → D. Toad complains about being tired and insists he is not ready to wake up yet.
5. **Loyal** → E. Frog stays with Toad even when Toad doesn't want to leave his bed, showing steady friendship.

Creative Activity (Sample Response)

Trait Chosen: Loyal

My best friend is very loyal because she always stands by me even when things get tough. Last year, I was nervous about trying out for the basketball team, but she encouraged me and came to every practice just to cheer me on. Even when I didn't make the first cut, she reminded me to keep going and not give up. Her loyalty makes me feel supported and valued, no matter what happens.
