

Name _____

Estimate Upgrade

Directions: Find the basic front-end estimate. Then use the next place value to adjust it for a closer estimate.

Example: $364 + 528$
Front-end: $300 + 500 = 800$
Adjustment: $60 + 20 = 80$
Adjusted estimate: 880

1. $243 + 516$
Front-end: _____ Adjustment: _____ Adjusted estimate: _____
