

Name _____

Estimate Blanks

Directions: Use front-end estimation to fill in each missing value.

1. $684 + 327 \approx 600 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$

2. $752 + 418 \approx \underline{\hspace{1cm}} + 400 = 1,100$

3. $893 - 241 \approx 800 - \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$

4. $576 - 312 \approx \underline{\hspace{1cm}} - 300 = 200$

5. $4,725 + 2,183 \approx 4,000 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$

6. $6,891 + 3,426 \approx \underline{\hspace{1cm}} + 3,000 = 9,000$

7. $8,364 - 5,217 \approx 8,000 - \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$

8. $9,542 - 2,738 \approx \underline{\hspace{1cm}} - 2,000 = 7,000$

9. $3,684 + 5,291 \approx 3,000 + \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$

10. $7,816 - 4,125 \approx \underline{\hspace{1cm}} - \underline{\hspace{1cm}} = 3,000$
