Teacher Notes / Guide

- **Focus of Skill:** Students practice turning **statements in the future continuous tense** into **Wh-questions**, reinforcing both word order and tense.
- **Common Errors:** Forgetting to place “will” before the subject (e.g., *What you will be doing?* instead of *What will you be doing?*).
- **Tip:** Remind students the order is → **Wh-word + will + subject + be + verb-ing**.
- **Extension:** Have students interview a partner about their weekend plans using future continuous questions (“*What will you be doing on Saturday at 10 a.m.?*”).
