### Teacher Notes / Guide

- **Why this activity works:** Dialog writing encourages **creative output** while ensuring correct use of the tense in **context-rich situations**. Students move beyond drills into **meaningful communication**.
- **Key Reminder for Students:** Each verb must follow the full structure: **will + have been + verb(-ing)**.
- **Teaching Tip:** Before writing, brainstorm verbs with the class (e.g., *study, train, work, play, read, travel*). This gives students a word bank to use.
- **Extension Idea:** After writing, have pairs **perform their dialogues** for the class. Peers can underline or circle the **future perfect continuous verbs** they hear, reinforcing listening skills as well.
