## Future Perfect Forecasts Answer Key

*(Answers will vary, but here are correct examples for teacher reference.)*

1. By next summer, people **will have finished building** faster trains.
2. By the year 2100, scientists **will have discovered** new energy sources.
3. By the time school ends, students **will have completed** their exams.
4. By next weekend, my family **will have cleaned** the entire house.
5. By the time I turn 30, I **will have traveled** to five countries.
6. By the end of this week, our class **will have learned** ten new vocabulary words.
7. By tomorrow evening, the workers **will have repaired** the bridge.
8. By the next holiday, my friends **will have planned** a big party.
9. By the time the concert starts, we **will have bought** all our tickets.
10. By the end of the decade, countries **will have signed** more climate agreements.

### Teacher Notes:

- This activity builds both **tense accuracy** and **creative thinking**.
- Key reminder: Future Perfect = **will have + past participle**.
- Encourage students to use **varied verbs** (*finished, built, discovered, traveled, written, saved*).
- For extra challenge, have students turn their predictions into a **short paragraph** or a **class discussion** (e.g., "By 2100, what will people have achieved?").
