### Teacher's Guide

- **Skill Focus:** Students practice using **get**, **got**, and **gotten** accurately in context, reinforcing understanding of **verb tense** and **time clues** in storytelling.
- **Differentiation Tips:**
  - Review signal words such as *every year*, *this year*, and *had* before beginning.
  - For support, allow students to work in pairs and discuss how each time clue helps decide the correct verb form.
- **Engagement Ideas:** Let students act out the story, holding "gift cards" labeled **get**, **got**, and **gotten** to represent each tense change.
- **Extension Activity:** Have students write their own short paragraph titled "What I Got This Year," using all three forms of **get** correctly at least once.
