Teacher's Guide

- **Skill Focus:** This worksheet reinforces the correct use of **get**, **got**, and **gotten** by helping students spot and fix tense errors within context clues.
- **Differentiation Tips:**
 - Review the time cues (*yesterday, have, every morning*) before beginning.
 - Provide a quick anchor chart or list of examples for visual learners.
- **Engagement Ideas:** Make this activity a "Grammar Hunt" where students read sentences aloud and hold up cards labeled **GET**, **GOT**, or **GOTTEN** to show their answers.
- **Extension Activity:** Ask students to write five new "slip-up" sentences of their own and challenge a classmate to fix them correctly.
