1. C
2. E
3. B
4. D
5. A

Teachers should check for logical matching and comprehension rather than spelling or handwriting.

### Teacher's Guide

- Read each text section aloud as a class first
- Let students highlight key clues in phrases like "honor" or "freedom"
- Encourage partner discussion before matching

### Differentiation

- Provide a smaller set (3 choices) for students needing extra support
- For English learners, pre-teach vocabulary such as "nation," "honor," and "sacrifice"
- Allow advanced students to justify each choice using one sentence of evidence

### Engagement Ideas

- Use cards: students walk to find their matching partner
- Create a timeline mural with sections placed in the correct order
- Hold a short reflection circle: Why do we still remember this speech today?

### Extension

- Students rewrite one section in their own words in a short journal response
- Add a quick compare/contrast to another famous speech
- Use the matched ideas to guide a short paragraph summary of the speech
