## Words That Shine

**Directions:** Read the passage carefully. Then answer the questions that follow about how the students gave and received compliments.

It was Friday morning, and the class was decorating posters for the school's Kindness Fair. Mia noticed that Jordan's poster had bright colors and neat letters. She said, "Wow, Jordan, I really like how carefully you painted your letters!" Jordan smiled and said, "Thanks, Mia! Your clouds look really fluffy and fun." Across the room, Sam was helping Ruby cut out shapes. Ruby told him, "You're great at helping others." Sam felt proud and replied, "That means a lot, thank you!" When the teacher asked everyone to clean up, Mia whispered to her friend, "I think we all did our best today." Her friend nodded and said, "Yeah, it feels good when people say something nice."
