Teacher's Guide:

- **Skill Focus:** Understanding and applying key vocabulary related to trade, economics, and global systems.
- **Differentiation Tips:**
 - For struggling learners, introduce the words with visuals or examples (e.g., show packaging labels for "imported" goods).
 - For advanced learners, ask them to use each term in a sentence explaining its role in globalization.
- **Engagement Idea:**
 - Play "Trade Term Relay"-students race to match terms and definitions in small groups using flashcards.
- **Extension Activity:**
 - Have students choose two terms and explain how they interact in real-world globalization (e.g., *How do tariffs affect free trade?*).
