

Name _____

Trade Trackers Answer Key

Story 1:

1. The trade of digital goods and online services.
2. It helps smaller companies reach international markets.
3. Concerns include security risks and fair competition.

Story 2:

4. Solar energy technology.
5. It provides renewable energy and reduces pollution.
6. It creates new jobs for local workers.

Story 3:

7. It speeds up trade between ports by cutting shipping times.
8. Goods include food, clothing, and electronics.
9. Increased trade could raise pollution levels.

Teacher's Guide:

- **Skill Focus:** Reading comprehension, global awareness, and critical thinking about trade and technology.
- **Differentiation Tips:**
 - For struggling readers, summarize each news story orally before reading.
 - For advanced learners, ask them to write a fourth "breaking news" story about another globalization topic.
- **Engagement Idea:**
 - Turn the classroom into a "Global Newsroom." Assign students to report or act out one of the stories.
- **Extension Activity:**
 - Have students research a recent real-world trade or technology development and summarize it in one paragraph using the same structure as this worksheet.
