### Teacher's Guide:

- **Skill Focus:** Understanding global institutions and their roles in trade, economics, peace, and development.
- **Differentiation Tips:**
  - For struggling learners, provide short descriptions or images of each organization before the matching task.
  - For advanced students, include two additional organizations (e.g., OPEC, ASEAN) and have them research their purposes.
- **Engagement Idea:**
  - Turn it into a "Global Summit" activity-students represent different organizations and explain how they work together to solve world issues.
- **Extension Activity:**
  - Have students create a mini-poster illustrating one organization's mission, symbol, and recent global initiative.
