

Name _____

Culture In Motion

Directions: Read each scenario below. Decide whether it best represents **cultural blending**, **cultural adaptation**, or **cultural dominance**. Underline your choice and briefly explain your reasoning.

1. K-Pop Explosion: A Korean music group combines traditional Korean instruments with Western pop beats and English lyrics. Their songs top charts in countries around the world. (Blending / Adaptation / Dominance)

Why: _____

2. Fast-Food Transformation: An American fast-food chain opens locations in India but changes its menu to include vegetarian dishes and spices common in Indian cuisine. (Blending / Adaptation / Dominance)

Why: _____

3. Hollywood Everywhere: Movies from the United States dominate international box offices, while local film industries struggle to compete. (Blending / Adaptation / Dominance)

Why: _____

4. Fashion Fusion: Designers in Nigeria create new clothing styles by mixing African fabrics with European silhouettes, gaining attention in both African and European markets. (Blending / Adaptation / Dominance)

Why: _____

5. Language Shift: In a small Pacific nation, younger generations begin speaking English at school and on social media while their native language becomes less commonly used. (Blending / Adaptation / Dominance)

Why: _____

6. Global Gaming: A popular online video game allows players from different countries to interact, leading to shared slang, memes, and in-game traditions that blend global cultures. (Blending / Adaptation / Dominance)

Why: _____
