## Guide Word Hunt Answer Key

### Correct Answers:

1. Botanical - D
2. Cactus - A
3. Fountain - B
4. Museum - C
5. Orchid - A
6. Tickets - D

### Teacher Notes:

- This activity builds **dictionary navigation skills** by requiring students to think alphabetically and match words to the correct guide words.
- Stress to students that they should check letter by letter, not just the first letter. For example, “orchid” starts with “o,” but comes *before* “orange” when comparing the second letters.
- For extra practice, have students make their own **mini-dictionary entries** using one of the underlined words, including a sample definition and two guide words.
