

Name _____

Dear Bot-tler

Artificial Intelligence can sound smart, but its advice isn't always wise. Read each "Dear Bot-tler" letter and the AI's response. Then choose whether the AI's advice is: **A. Helpful** - Good advice that makes sense. **B. Unhelpful** - Bad advice or wrong information. **C. Needs Human Help** - The AI tries, but a person should step in. After you choose, explain your reasoning in one sentence.

The AI Advice Letters

1. Dear Bot-tler,

I keep getting distracted when I try to study. Any tips?

- *Tired of TikTok*

AI says: "Simply turn off all distractions. Lock your phone in another room, tell your friends not to text you, and study for five hours straight. You'll master everything faster!"

Circle one: A. Helpful B. Unhelpful C. Needs Human Help

Why? _____

2. Dear Bot-tler,

My best friend and I had an argument, and now we're not talking. What should I do?

- *Silent in Science Class*

AI says: "Block your friend for 48 hours. This cooling-off period will reset your emotional algorithm."

Circle one: A. Helpful B. Unhelpful C. Needs Human Help

Why? _____

3. Dear Bot-tler,

I want to join the robotics team, but I've never done coding before. Should I still try?

- *Nervous Newbie*

AI says: "Yes! You don't need to be perfect to start. Ask questions, learn as you go, and have fun experimenting."

Circle one: A. Helpful B. Unhelpful C. Needs Human Help

Why? _____
