When the AI Gets It Wrong

AI can solve problems quickly - but not all of its answers make sense. Each example shows how an AI tried to solve a problem.

1. **Underline any errors, bias, or bad reasoning** in the AI's answer.
2. Write **one clear sentence** explaining what's wrong - or say "Good Answer" if it's logical and helpful.

1. Directions Question - Prompt: "How do I get to the hospital quickly?"

AI Response: "Drive on the sidewalk for half a mile to avoid traffic."

Your Notes: _____

2. Translation Problem - Prompt: "Translate the Spanish phrase *tener hambre*."

AI Response: "It means to have a hamburger."
