Name _____

Moonlit Effects

Directions: In *Goodnight Moon*, the little bunny says goodnight to many objects. Each "goodnight" has an effect: the room becomes quieter, calmer, and more ready for sleep. Read the causes (the "goodnight" statements) and write the effect (what happens afterward) in the blank space.

1. **Cause:** The little bunny says goodnight to the kittens.

   Effect: _____

2. **Cause:** The old lady whispers, "Hush."

   Effect: _____

3. **Cause:** The little bunny says goodnight to the clocks.

   Effect: _____

4. **Cause:** The little bunny says goodnight to nobody.

   Effect: _____

5. **Cause:** The little bunny says goodnight to the stars and air.

   Effect: _____

Extension Task: Write your own "cause and effect" pair.
