

Name _____

Picnic Time Answer Key

Open-Ended (Answers will vary):

- Drawings may show students with family or friends outdoors eating food on a blanket, at a table, or in the grass.
- Writing may include foods (sandwiches, fruit, snacks), activities (playing games, running, talking), or places (park, yard, beach).

Teacher Guide:

This worksheet supports **text-to-self connections**, helping Grade 1 students relate a story to their own experiences. Answers will differ, but they should show an understanding that both the story and their experience involve eating outdoors with others. Encourage students to use complete sentences in writing, and to include at least one detail that matches the idea of a picnic (food, family, or outdoor setting).
