

Name _____

Caring For Pets Answer Key

Correct Answer: B. Pets need food, baths, and walks to stay healthy.

- **Why?** This choice sums up the whole passage by showing what pets need for care.
- **A** is true, but it is a detail that only introduces pets.
- **C** and **D** are details about some of the things pets need, not the overall main idea.

Teacher Guide:

This worksheet helps Grade 1 students practice finding the **main idea** instead of focusing only on small details. Encourage students to ask: *"What is the passage mostly about?"*
