## Lost Crayons

**Directions:** Read the passage about Mia and her crayons. Then answer the questions to show the problem and the solution.

Mia wanted to color a picture in class. She opened her desk but her crayons were not there. Mia looked under her chair, but she still could not find them. Her friend Ben said, "Check my desk. I think you left them here yesterday." Mia smiled when she saw her box of crayons in Ben's desk. She said, "Thank you for helping me!" and began to color.

1. What was Mia's **problem** in the story?

- A. She forgot to bring her homework.
- B. She could not find her crayons.
- C. She lost her picture.
- D. She broke her pencil.

2. What was the **solution** to the problem?

- A. Mia bought new crayons.
- B. She borrowed crayons from another classmate.
- C. Ben reminded her they were in his desk.
- D. The teacher gave her crayons.

3. Draw a picture of Mia coloring happily after solving her problem.
