5. disrupted
6. highly
7. considerably
8. supports or substantiates
9. employs
10. proved more effective or was more successful

Teacher's Guide

- **Engagement**
 - Run a quick "before and after" gallery walk where students post one revised sentence and classmates vote on the most precise revision.
- **Feedback tips**
 - Praise revisions that increase precision without changing meaning.
 - Flag common issues: overusing "moreover," using longer words incorrectly, and removing clarity while trying to sound formal.
 - Encourage students to replace weak verbs (is, got, does) with stronger academic verbs while keeping sentences readable.
