## Tone Reframe

**Directions:** Rewrite each sentence by changing **only the vocabulary** to match the specified tone. Keep the original meaning and structure as much as possible.

1. (**more formal**) The results are kind of unclear and might cause some problems later.

\_\_\_\_\_

2. (**more cautious**) This method proves that the treatment works for all patients.

\_\_\_\_\_

3. (**more assertive**) The evidence seems to suggest that the policy was ineffective.

\_\_\_\_\_

4. (**more objective**) The author clearly messed up the analysis in several places.

\_\_\_\_\_

5. (**more respectful**) The reviewer completely ignores important counterarguments.

\_\_\_\_\_

6. (**more critical**) The proposal includes several interesting ideas worth considering.

\_\_\_\_\_

7. (**more neutral**) The company's response was disappointing and irresponsible.

\_\_\_\_\_

8. (**more academic**) A lot of experts think this theory does not really explain much.
