| 2. ancient | 7. brilliant |
| 3. tiny    | 8. gloomy    |
| 4. frigid  | 9. whisper   |
| 5. joyful  | 10. calm     |

### Teacher's Guide

- **Skill focus:** Replacing basic vocabulary with **more precise and descriptive words**, helping students expand word choice and improve sentence quality.
- Before students begin, preview the Word Bank. Give student-friendly definitions and quick examples. Highlight how precise words make writing stronger.
- Differentiation tips:
  - Provide sentence frames or read sentences aloud for students who need extra support.
  - Let students underline context clues that help match the precise word.
  - Offer only two or three choices at a time for students who struggle with large word banks.
- Engagement ideas:
  - Have students act out pairs like **run/sprint** or **cold/frigid** to deepen understanding.
  - Play a quick guessing game where students describe a word in the bank without saying it, and classmates guess.
