Spelling Prep

Directions: Read the story carefully. Fill in the chart to show how each character prepares for the spelling bee. Then answer the question at the bottom in a complete sentence.

Liam and Sarah were both excited for the school spelling bee. Liam practiced by reading his spelling list out loud every night before bed. He even asked his little brother to quiz him on tricky words. Sarah prepared in a different way. She wrote each word three times in her notebook and then looked them up in the dictionary. Both classmates hoped their hard work would help them do well on the big day.
