Teacher's Guide

- **Using this worksheet**
 - Preview the vocabulary words with brief definitions before students begin.
 - Encourage students to read the entire paragraph first to understand the flow and context.
 - Remind students to think about both meaning and how the sentence should sound when choosing a word.
 - After completing the paragraph, have students reread it aloud to check for smoothness and accuracy.
- **Differentiation tips**
 - Provide a simplified version of the word bank with pictures or short definitions for students who need extra support.
 - Allow students to eliminate incorrect choices by lightly crossing out words that clearly do not fit certain blanks.
 - Offer guided pairing so students can talk through tricky vocabulary choices.
