### Teacher's Guide

- **Using this worksheet**
  - Explain how scenarios provide real world context for understanding vocabulary.
  - Model how to underline clues in each scenario that point to a specific word.
  - Encourage students to reread the Word Bank before selecting an answer.
  - Discuss why the correct answer fits better than the others.
- **Differentiation tips**
  - Provide simple definitions of each vocabulary word for students who need support.
  - Allow English learners to draw the scenario to reinforce meaning.
  - Reduce the Word Bank to fewer choices for students who benefit from a narrower focus.
  - Challenge advanced learners to write two additional scenarios using words not featured in the worksheet.
- **Engagement ideas**
  - Create a scenario guessing game where students act out scenes and classmates choose the correct word.
  - Let students build their own scenario cards to exchange with peers.
  - Invite small groups to discuss which clues in each scenario helped them make a logical match.
